

5 Reasons Why You Should Choose Oncoprobe:

1) Proven Track Record

In ten years Oncoprobe have supplied millions of Rapid Test throughout the entire Indonesia with consistent quality. We have build a strong brand for a premium product that you can rely on.

2) Evaluated Product

Every of our product must have passed Quality Control twice before entering the market: the first done by our Manufacture in America and the second conducted by local National Red Cross, Ministry of Health, or prominent Doctor in its respective field. This is our commitment to serve you always the very best.

3) Fast

For Jabotabek region we guarantee you one day Order Delivery and one day Trouble Shooting. It's applicable to every order. No minimum purchase required.

4) Wide Range of Product

Oncoprobe provided you almost every selection of Rapid Test you might need. Some may even be customized to your special case. If we don't have one, you can contact us and we will search it for you. An exception though for untested product, second classed one or anything we thought obsolete.

5) Reliable After Sales Service

We never let our customer alone. Having trouble using the product? Just call us and we will solve the problem together. Any invalid product will be replaced 100%.
